

## Information Pack 2018

I'm a local mum of 2 young children. I built the Hull & East Riding Mumbler 3 years ago to make one place to list and share all things to do locally with babies and children.

It is endorsed by and recommended by Hull Health Visitors. This is a snapshot of what families can find on the Hull & East Riding Mumbler:

The website now gets around 14,000 visits per month from local parents, grandparents and carers and has over 5400 followers on facebook. I list everyone for free as basic listings (if your business fits into one of the sections on the website), and have adverts available from £10/mth.

I will respond to your email personally with my full information pack and latest rate card for advertising.

Many thanks for getting in touch

**Rachael Smith, Owner of the Hull & East Rising Mumbler**
